PRESENTER BIOGRAPHIES

**Carla Weaver, Law & Justice Liaison, Washington
Department of Licensing**

P O Box 9030
Olympia, WA 98507-9030
360-902-3669/Fax: 360-570-7827
cweaver@dol.wa.gov

Carla Weaver is the Law and Justice Liaison for the Department of Licensing (DOL). She was appointed this position in June 1, 2006. She has worked for DOL for 26 years, including her first 7 years as a Driver License Examiner in the Pierce County Area. She moved to Olympia in 1992 where she went to work for Driver Records doing various duties such as managing the Suspension and Record Requests Units as well as being a lead for the DUI Section. She currently extended her knowledge to include vehicle, vessels and the business and professions divisions.

She plays an active role in the training of court staff and law enforcement. Ms. Weaver has an abundance of knowledge regarding the driver record and enjoys sharing that with other which includes internal and external stakeholders as well as her fellow co-workers.

She is happy to be a grandmother to her grandson Mason and granddaughter Sophia who recently moved home from Germany and spend as much of her spare time with them.

**Larry Zeigler, Attorney at Law
Contract Public Defender**

Kennewick, WA
(509) 734-1229
Lwz2197483@gmail.com

Larry is a current contract public defender for the City of Pasco Municipal Court and former Superior Court Public Defender for Benton County. After a successful career in law enforcement that spanned much of the 70s, Larry attended law school and was admitted to the Washington State Bar Association in 1981. Since then he has had a varied law practice that has included domestic relations, personal injury, commercial law, and labor and employment and almost 30 years as a Benton County Public Defender. However his emphasis has been on criminal defense where he has defended and tried numerous high stakes and high complexity cases including many homicide cases.

Josiah Roloff

Mr. Roloff is the President and Senior Digital Forensics Examiner at Global CompuSearch LLC, a private digital forensics firm with headquarters in Spokane, Washington and offices in Portland, Oregon; Palm Springs and Sacramento, California.

Global CompuSearch provides digital forensics services and consulting on legal matters that deal with electronic evidence. Mr. Roloff has been working specifically in the field of digital forensics since 2003 and throughout this timeframe has worked on hundreds of cases for private law firms, federal, state and county defenders offices, large and small businesses, human resource departments, educational institutions, private investigators and all branches of the United States Armed Forces. These cases have included the investigation of electronic evidence in allegations of homicide, kidnapping, election fraud, wire fraud, Medicare fraud, rape, child pornography, "traveling" for sex with minors, unauthorized access (hacking), threats against the President, his family and staff, unauthorized systems use, theft of proprietary information, espionage, terrorism and drug trafficking to name just a few.

As a Digital Forensics Examiner with Global CompuSearch, Mr. Roloff has conducted examinations on thousands of pieces of digital evidence to include: hard drives, compact discs (CDs), digital versatile discs (DVDs), floppy diskettes, thumb drives, flash cards, magnetic tapes, tablet devices, feature cellular phones, subscriber identity module (SIM) cards, and personal digital assistants (PDAs)/smart phones.

Mr. Roloff's educational background includes an A.A.S. degree in Network Engineering, professional certificates in computer forensics from Oregon State University and New Technologies Institute (NTI); he is certified by Guidance Software as an EnCase Certified Forensic Examiner (EnCE) and by the International Society of Forensic Computer Examiners as a Certified Computer Examiner (CCE). Specific to the field of mobile forensics, Mr. Roloff is certified as a Cellebrite Certified Logical Operator (CCLO) and Cellebrite Certified Physical Analyst (CCPA).

Mr. Roloff frequently lectures on the topic of digital forensics and how it can be applied in the legal system. He has been recognized as a digital forensic, computer forensic and mobile forensic expert witness in U.S. District Courts, U.S. Military Courts and many state courts throughout the country.

Joshua Michel

Mr. Michel is a Digital Forensic Examiner with Global CompuSearch LLC, a private digital forensics firm with headquarters in Spokane, Washington and offices in Portland, Oregon; Palm Springs and Sacramento, California.

As a Digital Forensic Examiner with Global CompuSearch, Mr. Michel has conducted examinations on hundreds of pieces of digital evidence to include: hard drives, flash drives, compact discs (CDs), digital versatile discs (DVDs), surveillance systems, cell tower records, cellular phones and tablet computers.

Mr. Michel is an enrolled member of the Confederated Salish and Kootenai Tribes of the Flathead Reservation in northwest Montana and he has a personal interest in tribal governments, tribal sovereignty and tribal policy.

Mr. Michel has 13 years of experience working in various facets of Information Technology and Security with a specific focus on the credit card industry and e-commerce. During this time he has worked with software developers, system administrators and content creators to diagnose complex problems and create sustainable solutions.

Mr. Michel has also owned, operated and managed his photography brand for the past 7 years, J.Michel Photography, which is primarily focused on portraiture, event and product photography. His experience in this area has led him to specialize in the analysis of digital images and film as well as the advanced software processing and manipulation of such electronic file formats.

Mr. Michel's educational background includes pursuing his degree in Economics and Computer Science from Eastern Washington University.

Mr. Michel has lectured on the topics of mobile device forensics and digital forensics and how they can be applied to the legal system. He has been recognized as a digital forensic, computer forensic, and digital photography expert witness in U.S. Military and state courts throughout the country.
