SUMMARY & BACKGROUND

The workshop will center on a presentation from Brian Page of Bernardo Wills Architects (BWA) of Spokane whom we retained to do a study, cost assessment, and one-line drawings of a possible kenneling facility that could be built and operated through a Benton County – West Richland partnership.

Based on parameters that we began the project with, BWA has created two options – one larger and more expensive, one less. Mr. Page will go over the aspects of each of these and what each does or does not provide.

Staff has already provided copies of the BWA report to Commissioners, and copies are being provided to appropriate West Richland staff as well.
