SUMMARY & BACKGROUND

The purpose of the workshop is to allow a couple of our partners to provide their periodic reports to the Board, and also to have some short presentations on other, mostly Hanford-related matters. These are informational sessions only, and no actions are requested from the Board. The only pre-workshop materials are the document and PowerPoint handouts for the 10:00 session that I have provided.

10:00 – Briant Charboneau, from the Department of Energy, will discuss the “Central Plateau Cleanup Completion Strategy”.

10:30 – Maynard Plahuta and Kenneth Gasper, our Hanford Advisory Board representatives, will make their semi-annual report to the Board regarding various Hanford-related issues.

11:00 – Pam Larsen from Hanford Communities will give her annual report to the Board regarding various Hanford-related issues.

11:30 – Gary Peterson from TRIDEC will give a presentation about the “Mid-Columbia Energy Initiative”.
